One thousand men are said to be working on the extension of the West Virginia Central Railroad in Randolph

County.

An unknown man was struck and instantly killed at Martinsburg by the "cannon ball" express last Wednesday.
The body was not identified.

The Irondale furnace, in Preston county, will shut down about April 1st,

with the intention of being married in an adjoining State, and afterward taking in the inauguration. The cause of the elopement was opposition to the marriage on the part of Mr. Karrickoff's parents—he being under age.

A report is current in Martinsburg, seemingly well authenticated, that one day last week, Mr. Emerson and a Mr. Couchman discovered in cutting down a tree a package which when opened was found to contain several thousand dollars. The place where the alleged discovery was made is near Williamsport on the Potomac river. The quantity of money, of what denomination, or how it got into the tree has not been learned.

Information has been received-at Information has been received—at-Union, Monroe county, that the body of Mr. Thomas Lynch, of that county, was found last Sunday, March 3, at the foot of a precipice near the Norfolk & West-ern railroad, in the Bramwell neighbor-hood. He had either been killed by falling over the precipice, or had first been killed and the body flung over. The particulars are not obtainable. Mr. Lynch was a brother of Mr. John C. Lynch, of Pickaway, and was about 50 years of age.

It seems that the Kentuckian took a cup of coffee off of the waiter as the boy was carrying it around, which the conductor took as an offense against himself. He struck the Kentuckian a blow with his fist on the back of his head, then drew a revolver and clubbing it, proceeded to pound the man over the head with it, inflicting severe and painful gashes. Those who saw the affair say that the conductor was wholly to fault.

M. H. Haskell, of Ashtabula, Ohio, is

the owner. It has been in Mr. Haskell's possession ever since the battle of Rich Mountain, W. Va., in which he participated as a Lieutenant of the Nineteenth Ohio Regiment. As will be remembered, the Union troops drove the Confederates from their caup, and Mr. Haskell captured as his share of the plunder this silver cup, which bears the name of "A. H. D. Lagnell." If this paragraph should come to the notice of Mr. Lagnell or any of his friends Mr. Haskell would be glad to hear from them at Ashtabula, Ohio.—Washington Post.

Mrs. Ward, of Peel Tree, Upshur county, one day last week, left her two little ones in a room alone, the older one, Freddie, 2 years of age, while she went to attend to a little work out of doors-Returning after a few minutes' absence, Freddie directed her attention to his sister, aged about ten months, and said, "Ma, help her! help her!" The mother looked and saw that the little one had sunk down at the end of the sewing machine; she went to take it up, saying,

Thomas S. Kean, tax collector of Hardy county, has an egg in his possession which is a curiosity and is evidently heavily charged with electricity. It is below the average size and was layed on a Friday of last week by a hen belonging to William Johnston in Mineral county, this State. The peculiarity of it is that it will, when placed on a table, only lie on one side and near the small end. If placed on a table with the reverse side down, the moment one's flagers are taken away it will turn completely over with considerable force. If held on the table upon the large end, instead of falling naturally to either side or the other, it will turn backward and forward violently two or three times and finally settle upon that portion which seems to be charged.

The Braxton Central reports the doings of White Caps in that county as follows: Saturday of last week complaint was made before Justices Berry and Eakle that a number of citizens in the vicinity of Wythe Ridge had banded themselves together for the express purpose of ridding the neighborhood of a number of residents who were obnoxious to them. Warrants were at once issued for between thirty and forty persons and placed in the hands of Constable Caleb Carper, who, on Sunday, assisted by a number of deputies, arrested and brought to town a large number of the so-called "Regulators." They were given a hearing before Justices Berry and Eakle on Monday, and the evidence adduced showed that a number of "solled doves" and associates had been notified to leave the neighborhood at a conce, or they would be foreibly repuised. A few of the parties notified complied with the notices, while others who did not were visited, and in some instances their homes were mulitated and the octation shall be left to the two consolidation shall be

MY RIGHTS. SUSAN COOLIDGE Yes, God has made me a woman,
And I am content to be
Just what He meant, not reaching out
For other things, since He
Who knows me best and loves me most has or
dered this for mo.

f am not strong or valiant.

I would not join the fight,
or jostle with crowds in the highways
To sully my garraents white;
But I have rights as a woman, and here I claim
my right. The right of a rose to bloom in its own sweet, separate way, with none to question the perfumed pink, And none to utter a may if t reaches a root or points a thorn, as even rose-tree may.

The right to gather and glean
What food I need and can
From the garnered store of knowledge,
Which man has beaped for man.
Taking with free hands freely, and after an of
Gord plan.

The right—ah, best and sweetest—
To stand all undismayed
Whenever sorrow or want or sin
Call for a woman's aid,
Vith none to cavil or question, by never a look
gainstid.
